

DualPakECO® Home Compostable Trays

PRODUCT GUIDE

DualPakECO®

Compostable or Recyclable?

DualPakECO trays are created using a pressed paperboard which is made from renewable resources and is compostable and kerbside recyclable in Australia.

The board is lightweight yet rigid enough for in-line production facilities and offers secure sealing across a variety of film substrates and machinery.

- Certified to Australian standards AS4736-2006 and AS5810-2010
- Endorsed with the seedling logo and home compostable logo as verified by the Australasian Bioplastics Association
- Certification provides assurance that the trays will completely biodegrade in efficiently run commercial composting systems or home composting

DualPakECO

DUALPAKECO READY MEAL TRAYS

Certified Home Compostable

Made and certified both commercially and home compostable, DualPakECO is a dual ovenable pressed paperboard food tray. DualPakECO trays are coated with ecovio® by BASF, a food safe contact, compostable biopolymer coating that provides excellent barrier properties against liquids, aromas and oils.

DualPakECO is both ovenable and microwavable and can be chilled or frozen. Once used, it can be composted while still containing food residue, or rinsed and recycled.
